SUMMARY

Passionate Python developer with a strong foundation in programming and problem-solving. Skilled in writing clean, logical code and building real-world applications. Actively exploring backend development and web technologies. Eager to contribute to meaningful projects and grow as a software developer.

EDUCATION

Bachelor of Computer Applications (BCA)

June 2023 -Pursuing

Jamal Mohamed College, Trichy- Completed 4th semester with **63%**

Higher Secondary (HSC)

59%

Model Higher Secondary School, Tamil Nadu State Board

PROJECTS

Face Detection System using OpenCV

- Created a real-time face detection program using Python and OpenCV.
- Used Haar Cascade Classifier to detect human faces from live webcam feed.
- Converted frames to grayscale for faster processing and added bounding boxes to highlight faces.
- **Skills:** Python, OpenCV, Computer Vision, Image Processing
- GitHub: [\[link\]](#)

Quiz Game Application

- Developed an interactive quiz game in Python with a bank of 100+ multiple-choice questions.
- Implemented user score tracking, percentage calculation, and a leaderboard system using JSON storage.
- Added player management features such as creating, deleting, and resetting user records.
- Enhanced user experience with color-coded terminal output and input validation.
- **Skills:** Python, JSON, File Handling, Random Module, OS Module
- GitHub: [\[link\]](#)

Random Password Generator

- Built a Python program to generate secure passwords based on user preferences.
 - Used the random module with uppercase, lowercase, digits, and special characters.
 - Allowed users to choose password length and number of passwords.
 - **Skills:** Python, Randomization, Basic Security Concepts
 - GitHub: [\[link\]](#)
-

SKILLS

- **Programming:** Python , SQL , HTML , CSS
 - **Tools & Platforms:** VS Code, Anaconda, IDLE
 - **Soft Skills:** Quick Learner, Team Player, Problem Solver
-

CERTIFICATIONS

Certificate in Python Programming

Institute for Entrepreneurship and Career Development – Bharathidasan University

Completed: October 2024 | **Class: First Class with Distinction**

- Covered: Python Fundamentals, Basic & Advanced Practical Programming
 - Built strong skills in Python scripting, logic building, and problem-solving
-

LANGUAGES

- English
 - Tamil
 - Malayalam
 - Hindi
 - Urdu
